Course catalogue

We offer a wide range of degree programs (1st and 2nd cycle) on three different campuses located in Florence (Architecture), Calenzano (Design), and Prato (Urban Planning).

In particular, we have 4 Bachelor Degrees (Laurea TRIENNALE), 5 Master Degrees (Laurea MAGISTRALE), and one 5-years Degree program (Laurea a CICLO UNICO).

All of the degree programs are carried out in Italian, except for the following two Master's programs, which are entirely taught in English:

- International Curriculum in Architectural Design (ICAD);
- Urban and Regional Planning and Design for Sustainability.

These English-taught courses cannot grant acceptance to all incoming students, so that they very often have to switch to Italian classes: therefore, we strongly recommend the knowledge of the Italian language for everyone.

Our full academic offer per degree program is available [here](#). Within our academic offer, we also have Thematic seminars. More information about thematic seminars is available on our [website](#).

**Note that they do not release a final mark: only a "passed" or "failed" evaluation.*

Subjects from different years and different courses degrees can be chosen. Please, note that, while all subjects are open, most of "Laboratorio" has limited places. Make sure that you have more options, in case your registration will not be accepted.

CLA (University Linguistic Center)

Incoming students are offered one Italian language course* free of charge at Centro Linguistico di Ateneo (CLA), located in Via Degli Alfani 58.

Registration is needed [here](#).

**They are not academic courses and do not provide ECTS credits or mark.*
