Academic information									
Study programmes	Exchange programmes cluster Technology - Fall semester 2025								
Deadline	Partner universities need to send the nominations to studytechnologyabroad@fontys.nl before 1 November to give students enough time before the deadline of application.								
	Spring semester 2026 <table> <tr> <td>Deadline for nomination</td><td>1 November 2025</td></tr> <tr> <td>Deadline for application</td><td>15 November 2025</td></tr> <tr> <td>Introduction period t.b.d.</td><td>Early-February 2026</td></tr> <tr> <td>Lectures and exams</td><td>February 2026 – July 2026</td></tr> </table>	Deadline for nomination	1 November 2025	Deadline for application	15 November 2025	Introduction period t.b.d.	Early-February 2026	Lectures and exams	February 2026 – July 2026
Deadline for nomination	1 November 2025								
Deadline for application	15 November 2025								
Introduction period t.b.d.	Early-February 2026								
Lectures and exams	February 2026 – July 2026								
Exams and retakes	Exams: Exchange students have the right to do at least 1 exam for each course on their learning agreement. The dates of the exams differ per programme. The schedule of the exact dates will be published timely on our portal. Retakes: Students may partake in a retake, but do not have the right to. Most retakes take place at the end of the semester. FHTenL does not send exams/retakes to exchange students. No alternative assignments will be offered. If regular retakes are scheduled before the departure date, students are allowed to sit in on those retakes. If students want to return to sit on a retake then that is allowed as well.								

Teaching Language	English
ECTS	A student's workload is measured in ECTS credits (European Credits Transfer System). According to Dutch law, one credit represents 28 hours of work and 60 credits represents one year of full-time study. The grading system used in the Netherlands is on a scale from 1 (very poor) to 10 (outstanding).
Requirements	Different per programme so check the requested programme on  Exchange programmes cluster Technology
Additional	
Fontys way of studying	At Fontys you study in various ways. In practical lectures you work independently or with a project team on your assignments. The campus offers a wide array of facilities to study alone or with a group. During the whole study programme you will work in projects, a method which will stimulate a hands on, independent way of working. At Fontys we believe in interaction. We like it when you ask questions during lectures and also outside lectures we are there for you.
Tuition fees	Students of partner universities do not pay tuition fees, as a student from a non-partner university you will need to pay €75 per ECTS.
Costs of living	The average living expenses per month for a foreign student living and studying in the Netherlands are approx. €900 per month. These living expenses cover rent, insurance, food, public transportation, books, clothing and other general costs.
Accommodation	We advise students to rent Fontys arranged accommodation (dormitory nearby campus) but it is possible for students to arrange their own accommodation. If a student would like to reserve a room they can do this by filling out the accommodation form which will be provided during the online application. Monthly rent will be between €400-450.
Visa	Required for all non-EU students, Fontys will apply for this and provide all the information timely.
Insurance	Recommended for all exchange students (information will be provided through the online application system) but mandatory for all non-EU students who will receive this information during the visa application.
Study Abroad events	We frequently organise a Study Abroad activities for our students, to inform and enthusiasm them for and exchange period at partner universities. We appreciate to receive information from our partners to use at the fair and also help from our incoming students from partner universities.
